2024-25 Expenditure Plan

However, on June 25, 2024 the Bright Star governing board has approved this expenditure plan to use these funds within the allotted time.

As students enter middle school, Prop 28 funding empowers us to expand their artistic horizons. We will build upon elementary skills, introduce new art forms, and provide opportunities for self-expression and exploration.

Grade-Specific Considerations:

- **Music:** Refine instrumental skills through band or orchestra programs. Offer opportunities for vocal exploration through choir or small ensembles. Integrate music technology, such as music production software.
- **Visual Arts:** Introduce more advanced techniques like drawing from observation, printmaking, and different painting mediums. Offer electives in specific art forms like ceramics or photography.
- **Drama:** Explore improvisation, scriptwriting, and basic acting techniques. Consider offering an elective in drama or theater arts.
- **Dance:** Introduce basic dance concepts and choreography. Consider offering an elective in a specific dance style (e.g., ballet, modern).

The following expenditure plan outlines how Bright Star Schools will utilize Prop 28 funding to strengthen and expand our arts and music education program at RISE Kohyang Middle School. This plan prioritizes compliance with Prop 28 requirements while fostering a vibrant and inclusive learning environment for all students.
