2024–25 School Accountability Report Card
Reported Using Data from the 2024–25 School Year
California Department of Education

Address:	9034 Burnet Ave. North Hills, CA , 91343-2319	Principal:	Brian Perry, Principal
Phone:	(818) 830-1700	Grade Span:	5-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

About This School

Brian Perry, Principal

Principal, Valor Academy Middle

About Our School

At Valor Academy Middle School, we honor the important role that school plays in the lives of our students. With our consistent commitment to build upon our strong foundation of high expectations, instructional excellence, unparalleled school community, and enrichment experiences- all designed to provide each and every one of our students an opportunity to discover and reach his or her true potential- we aim to create a school that meets the academic needs of students, while also nurturing and supporting their mental and emotional health, engaging their interests, encouraging their imaginations, and helping students to discover themselves.

We believe strongly in creating an environment where all students can see academic success, engage with their individual interests and desires, and participate in experiences that will help them grow as people by engaging with a variety of cultures, exploring their socio-emotional well-being, and learning about the elements of their identities that make them who they are, and serve as the base of who they will become. Our commitment-based culture focuses on creating a safe, Anti-Racist environment where students are led in understanding society, and using their understanding to address misogyny, bigotry, racism, and all other ills faced by minorities, women, and LGBTQ+ communities, to create a truly inclusive society.

We realize that growth and success are only made possible through one's ability to meet and overcome the challenges, so we teach our students to persevere through the adversities that may come in school and life. We ensure that all students are supported by an entire school community of students, parents, educators, and support staff all working together to help them achieve their goals. I am excited to lead Valor in serving our students

and our community, and demonstrating, once again, how much can be accomplished when people come together to serve the greater good.

Sincerely,
Brian Perry
Principal

School Description and Mission Statement (School Year 2025–26)

Valor Academy Middles School is a middles school serving grades 5-8 in North Hills, CA. Our schools values a strong and safe community as precursor to learning, and build school wide community through our Valor Commitments for staff, students, and families. We are a project-based school that believes in the power of student collaboration in learning, and provides opportunities for students to expand their world view both in and outside of the classroom. We belief in providing a wealth of opportunities for students to engages in clubs, activities, trips, and more to learn more about themselves and how they can leave an impact on the world.

Our Vision: Bright Star students will become leaders who act with integrity and champion equity to enrich our communities and the world.

Our Mission: At Bright Star Schools, our mission is to provide holistic, inclusive support for all students to achieve excellence and grow their unique talents so that they find joy and fulfillment in higher education, career, and life.

Values

Integridad means we need to the best versions of ourselves, to speak our own truth, and to advocate for those whose voices are not heard.

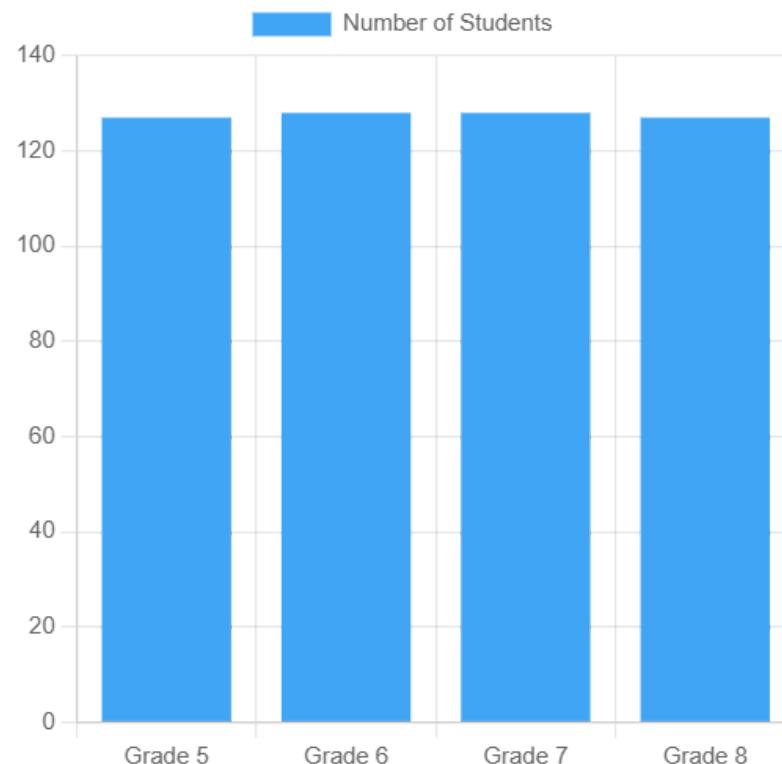

Ubuntu means that our humanity is shared, that we value kindness, and that we support one another to become the people we strive to be.

Kohyang means hometown and encourages us to build meaningful connections and strong community ties, because our hometowns are integral to our identities.

Growth means having a mindset that allows us to achieve excellence and gain fulfillment through our pursuit of learning and development.

School Facility Conditions and Planned Improvements

VAMS is currently in good operational standings. All necessary items are serviced yearly and any and all improvements are done on a needed basis. VAMS recently upgraded and replaces student restroom stalls and added landscaping around the parking lot perimeter to add more privacy. VAMS also plans to do preventative and upkeep work such as painting interior spaces and powerwashing.

School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2023–24	School 2024–25	District 2023–24	District 2024–25	State 2023–24	State 2024–25
English Language Arts / Literacy (grades 3-8 and 11)	38.02%	36%	43%	46%	47%	48%
Mathematics (grades 3-8 and 11)	15.84%	17%	32%	35%	35%	37%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2025–26)

Valor Academy is dedicated to engage parents as partners and build their capacity to support their child academically. Parents will have the opportunity to attend parent workshops every year that cover 4 major areas of adolescent development. Those 4 areas include 1) transition to high school, 2) school and home relationships, 3) college and career readiness, 4) character development.

We have also invested in Parent Square to continue to foster open communication with parents about students academic and behavior progress in school. Additionally, we have added Coffee with the Principal, Cocoa with Counselors, ELAC, School Site Council, and additional parents meetings to improve communication as well. Parents may also attend our Presentations of Learning and Parent Teacher Conferences to engage with the school and their student's progress.

We also have a vibrant Parent Ambassador program, where parents come together to plan events and activities that will directly impact the school community, plan community service opportunities, and support parents throughout the Middle School years. Throughout the year Parent Ambassadors support as we host festivals, movie nights, parent education seminars, cultural events and workshops to provide the opportunity for parent fellowship, connection, and learning.

Types of Services Funded (Fiscal Year 2024–25)

Students are offered the opportunity to sign up for counseling services with the Phoenix House, which also delivers presentations to all students around mental wellness. Counselors are able to help connect families with these free services. The school has also been able to establish a partnership with Didi Hirsch for counseling. The organization has been able to lead and create a youth empowerment program that promotes advocacy amongst youth. In addition to that, the school has partnered with Valley Clinic to provide sex education classes for 7th and 8th grade students. The school has also invested greatly in providing clubs and experiences for students that they would normally not have access to. This includes class taught by professionals covering 3D printing, podcasting, nail technician, rock band, cooking, and more.
